## FAQ

### **Can I stay with my athlete during the race?**

YES. We want everyone to be comfortable. It is good to let them do it themselves but one adult is welcome to stay next to their child during one or all three of the sports. We ask that you do not impede another racer in any way.

### **My child has sensory issues and cannot wear a swim cap or goggles, do they have to wear these items? Would they have to be body marked?**

No. We provide each racer with a swim cap at the check-in but if you speak to us ahead of time that is no problem. The same with body marking.

### **What are you doing for Covid safety?**

AT THIS TIME, THERE ARE NO MASKS NECESSARY! Hand sanitizer will be available.

If you or your child is ill, please do not come to the race. Registration will be deferred to 2022 with advance notice to Tonia.

### **Is there a certain type of bike that must be used?**

NO. Any type of bike that rolls is fine. Training wheels are permitted. Handle bar ends must be plugged or taped - no open metal. This is for everyone's safety.

## What about safety on the courses?

The Chautauqua County Fire Police are at the major intersections of the bike course along with adult volunteers. Several adults will be in the water as well as riding their bikes next to the kiddos keeping them to the right of the road and on course. On the run course there will be adults stationed along the way.

## Volunteers

We always appreciate volunteers and if you are willing to be out on the course on a bike, in the water, or out on the run course we would appreciate it. We do know that you want to be at the Finish Line cheering as your kiddo comes across and other volunteers will be available that day. However, we would never turn down an offer of help. Assistance is always needed at the finish line too.

Join us on our group Facebook page for up to the minute details and training day info.

WE CAN'T THANK OUR NUMEROUS SPONSORS ENOUGH FOR HELPING US BRING THIS EVENT TO YOU.
